## Full-Stack Web Developer

Dharmavaram, Andhra Pradesh

+91-8790997602    [dhamukamini288@gmail.com](mailto:dhamukamini288@gmail.com)    [LinkedIn](#) | [GitHub](#)    [Portfolio](#)

### PROFESSIONAL SUMMARY

Detail-oriented Full Stack Web Developer skilled in HTML, CSS, JavaScript, React.js, and RESTful API integration. Completed hands-on training at NxtWave CCBP 4.0 and worked as a Frontend Developer Intern at ASAR Technologies, where I contributed to building responsive and user-friendly web applications. Experienced in collaborating with cross-functional teams and optimizing UI for performance and user engagement. Committed to continuous learning and delivering clean, scalable solutions in dynamic environments.

### EDUCATION:

Global Institute of Engineering & Technology	Jan 2021 – May 2024
Computer Science & Engineering	80%

### RELEVANT COURSEWORK:

- |                                |                                |
|--------------------------------|--------------------------------|
| • Web development              | • CSS Frameworks               |
| • Software Engineering         | • Server-Side Programming      |
| • Web Performance Optimization | • Vision Control Collaboration |
| • User Interface Design        | • Component-Driven Development |
| • Database Management System   |                                |

### TECHNICAL SKILLS:

Frontend: HTML, CSS, Bootstrap, JavaScript, ReactJS  
Backend: NodeJS, ExpressJs, SQL, Python, MongoDB  
Developer Tools: Git & GitHub, Vs Code, Eclipse, Google Cloud Platform, IntelliJ

### EXPERIENCE:

- Full Stack Web Development Trainee  
NxtWave CCBP 4.0 Learning Academy
- Executed comprehensive training on front-end technologies for a team of 8 developers; enhanced coding standards and practices, reducing code review cycles by 25% and increasing deployment frequency to bi-weekly.
  - Built responsive web apps using HTML, CSS, JavaScript and ReactJs.
  - API Development: Designed and implemented RESTful APIs for various projects, ensuring seamless communication between front-end and back-end systems. Responsive Design and Problem Solving.
- Frontend Developer Intern - ASAR Technologies
- Developed and Maintained Responsive Web Applications: Created and maintained responsive, user-friendly web Applications using HTML5, CSS3, and JavaScript frameworks (React.js, NodeJS).
  - Improved user engagement by implementing intuitive UI/UX designs and optimizing page load times, resulting in 20% increase in user retention.
  - Collaborated with Cross-Functional Teams: Worked closely with back-end developers, designers, and product managers to deliver seamless and cohesive digital solutions that met client requirements and deadlines.

## PROJECTS

---

### E-Commerce Website Development

- Developed a fully responsive e-commerce platform using modern front-end technologies. Implemented key features such as product listings, shopping cart, user authentication, and payment integration. Focused on performance optimization and intuitive UI to enhance user engagement and conversion.

### IoT-Based Water Quality Monitoring System

- Designed a real-time dashboard using IoT sensors to monitor water levels, flow rates, pH levels, and dissolved oxygen content. Integrated live data with interactive visualizations for quick insights and historical analysis. Implemented pollution detection features using chemical sensors to trigger alerts and support environmental monitoring.

### Aira Educational Institutions Website

airaeducationalinstitutions.in

- We are giving services to schools with best syllabus books, teacher training, materials for affordable prices. Unlocking potential, one learner at a time. We are dedicated to transforming education with innovative resources, inspiring minds, and building a brighter future. Together, let's explore, learn, and grow!

### Indian Spices Restaurant website

- Developed a fully responsive restaurant website showcasing menu items, customer reviews, and contact details. Implemented interactive UI using HTML, CSS, and JavaScript to enhance user experience. Focused on clean design, mobile optimization, and fast-loading pages to attract and retain visitors.

### Dental Clinic Website

- Designed and developed a responsive website for a local dental clinic to showcase services, treatments, and booking options. Implemented a clean and modern UI using HTML, CSS, and JavaScript to ensure a smooth user experience. Enabled mobile-friendly navigation and optimized loading performance for better user engagement.

## CERTIFICATIONS:

---

- Building a static website using HTML, CSS, Bootstrap certification from NxtWave CCBP 4.0
- Building Dynamic web applications using JavaScript certification from NxtWave CCBP 4.0
- Building Responsive website using Bootstrap and Flexbox certification from NxtWave CCBP 4.0
- JavaScript essentials certification from NxtWave CCBP 4.0:
- Programming Foundations with Python certification from NxtWave CCBP 4.0
- SQL Database certification from NxtWave CCBP 4.0
